Hello everyone,

Thanks to everyone who has sent comments so far. I've reviewed them, and prepared a short, informal presentation to address the major ones that multiple people had. People can simply follow along with the attached presentation if they want, or just listen. Again, thanks to everyone for your helpful comments and suggestions throughout this project. We're looking forward to hearing from you this afternoon.

Thanks!

Alyssa

Thank you all for participating in the Doodle poll for our call. As you would expect, no proposed time worked for everyone. To get the maximum participation of the committee members as well as participation from each agency, the call will be held on

Wednesday, March 6 at 3PM pacific.

I have included those who didn't vote or said that this time wouldn't work for them in the hopes that you might still be able to attend the call. I encourage you to add your report comments to the google doc, or send them to me prior to the call. The intent of the call is to provide time for a dialogue between the authors and the committee members. The more the authors know of your comments beforehand, the better they will be prepared for the discussion.

Thank you again for your participation throughout this process,
